SUMMARY

Motivated and detail-oriented Computer Science diploma holder with a strong foundation in programming, software development, and computer systems. Proficient in languages like Java, C, and Python, with hands-on experience in academic projects involving web and mobile application development. Eager to contribute to a dynamic team and apply technical skills in real-world environments. Quick learner with excellent problem-solving abilities and a passion for technology and innovation.

TECHNICAL SKILLS

HTML, CSS	Java
Bootstrap	C, C++
Android development	MySQL

PROFESSIONAL EXPERIENCE

Projects

1. Media Player App – Java, Android Studio
Developed a functional media player app for Android that allows users to play audio and video files from local storage. Implemented features like play/pause, seek bar, playlist management, and responsive UI for various screen sizes.

2. Tourism Website – HTML, CSS, PHP
Created a dynamic and responsive tourism website featuring various destinations, packages, and a contact form. Used PHP for backend functionalities such as user inquiries and booking management. Designed with user-friendly navigation and mobile responsiveness.
